For Breast Cancer Survivors, March 3
Education, Healing & Hope

Breast Cancer Survivor Conference
March 2 & 3, 2012

Cancer Paradigm Shift

**Friday, March 2, 2012 ■ 7:00 am to 8:00 am.
Teleconference via Montana telemedicine sites –
broadcast from St. Pete's Hospital – Helena, Montana**

Cancer Paradigm Shift – Presented by Lillie Shockney

The shift refers to the reality of fewer physicians to handle an increasing volume of cancer patients/survivors; patients require treatment across the continuum of oncology care and medical economy (declining insurance coverage); and an evolving role of nurse navigators and family practice physicians.

Who should attend: Oncologists, Radiologists, Family Practice Physicians, Nurse Practitioners, Physician Assistants, Oncology Nurses, and Nurse Navigators

CME Accreditation & Credit Designation

For information about having a telemedicine site participate, contact Mike Roscoe, mroscoe@emtn.org

Getting Buy-in

Keeping Track of Patients

Balancing the Demands of Work

Nurse Navigator Workshop

Friday, March 2, 2012 ■ 11:00 am to 4:00 pm

St. Peter's Hospital ■ Helena, Montana

Lillie Shockney has become a crusader for better care for breast cancer patients at Hopkins and beyond. She has published 13 books and more than 200 articles. She has won more than two dozen awards for her work from national organizations like Susan G. Komen for the Cure. Lillie travels the world speaking about breast cancer. She has met with thousands of newly diagnosed patients and their families, answering questions big and small and sharing her experience as a two-time breast cancer survivor.

Workshop Agenda

- 11:00 am Getting buy-in for nurse navigators
 - Keeping track of patients
 - Balancing the demands of work
- Noon Lunch & small group discussions
- 1:00 pm Developing Patient Care Plans
- 2:30 pm Break
- 2:45 pm Updates on patient care plans in Montana
- 3:15 pm Available resources for nurse navigators

Limited number of attendees – priority given to nurse navigators and oncology nurses. Register early.

2.0 contact hours will be provided by St. Peter's Hospital (MNA-04-SPH-14), an approved provider of continuing nursing education by the Montana Nurses Association, an accredited approver by the American Nurses Credentialing Centers Commission on Accreditation. This activity has not received commercial support from any source. The Speaker for this activity has declared no conflict of interest with regard to this presentation.

Sponsored by  St. Peter's Hospital

Education, Healing and Hope

Breast Cancer Survivor Conference

March 3, 2012 ■ 9:00 am to 2:30 pm.
Hilton Garden Inn, 3720 Reserve Street
Missoula, Montana

Who should attend: Breast cancer survivors, family members and friends of survivors.

Lillie Shockney, R.N., B.S., M.A.S., will share insights from her book *Stealing Second Base: A Breast Cancer Survivor's Experience and Breast Cancer Expert's Story*, a unique, empowering, and often humorous story about her breast cancer experience from many perspectives. She will share her motivational and medical expertise and provide practical, important information on breast cancer diagnosis, treatment, and pre- and post-surgery quality of life.

During the "Table Talk" luncheon, participants can choose the group topic they would like to learn more about. The afternoon session will be a presentation on developing your own Survivor Care Plan.

Women who have had breast cancer feel the effects of their disease long after treatment is complete. Periodic visits to physicians' offices are not adequately designed to meet their informational and emotional needs. This conference strives to bring women and men and those who love them together to inform, inspire and help them feel connected, rather than isolated.

Agenda

- 9:00 am Registration and Resource Fair
- 10:00 am **"Stealing Second Base"**,
Lillie Shockney, R.N., B.S., M.A.S., CBCN, CBPN-C
- 11:30 am Break—Resource Fair will be open
- Noon **Table Talk** – select the topic you want to discuss
 - Latest breast cancer research
 - Nutrition – discussion with a dietician
 - Physical therapy & exercise
 - Genetic counseling
 - Reconstructive surgery
 - Why do I feel this way? Side effects
 - Complementary therapies

Note: Table Talk is a general discussion and not intended for individual healthcare needs
- 1:30 pm **Creating a Survivor Care Plan**

LILLIE SHOCKNEY, RN, BS, MAS

has been the administrative director of the Johns Hopkins Avon Foundation Breast Center since 1997. A two-time breast cancer survivor, Lillie has worked tirelessly to improve the care of breast cancer patients around the world. She is a registered nurse with a Bachelor of Science degree in health care administration from Saint Joseph's College and a Masters in Administrative Science from the Johns Hopkins University. She has worked at Johns Hopkins since 1983.

- University Distinguished Service Associate Professor of Breast Cancer
- Administrative Director, Johns Hopkins Breast Center
- Associate Professor, JHU School of Medicine, Depts. of Surgery & Gynecology and Obstetrics
- Associate Professor, JHU School of Nursing
- Certified Breast Care Nurse (CBCN), Oncology Nursing Society
- Certified Breast Patient Navigator (CBPN-C), National Consortium of Breast Centers, Inc.

Lillie is a published author and nationally recognized public speaker on the subject of breast cancer. She has written 13 books and more than 200 articles on this subject. In 2008, the Johns Hopkins Board of Trustees appointed her to a chair as a University Distinguished Service Assistant Professor of Breast Cancer. Copies of her articles can be read online www.komenmontana.org.

The second annual Breast Cancer Survivor Conference will provide an opportunity to learn more about breast cancer survivor issues, concerns and questions.

Conference attendance is FREE thanks to the generosity of the Montana Affiliate Susan G. Komen, St. Peter's Hospital, Community Medical Center and Providence St. Patrick Hospital.
